WINTER SERVICE PLAN CONTRACT

EFFECTIVE DATE:
CUSTOMER NAME:
CUSTOMER ADDRESS:

CUSTOMER PHONE:
CUSTOMER EMAIL:

EACH SERVICE VISIT INCLUDES

Maintain proper water level and lower water if needed.
Test water chemistry and balance pH, chlorine, and alkalinity.
Keep skimmers winterized and full of antifreeze.
Blow off pool area and clean off cover.
Email report after each visit.

Customer will receive a 10% discount on all chemicals used to maintain proper water chemistry.

Winter service plans protect your pool from freeze damage. If you have a concrete pool, winter service plans protect your pool from scale buildup and maintain a clean, smooth surface. By balancing your water chemistry through the winter and up to the month you open your pool, you are much more likely to take the cover off to a clear pool.

CONTRACT TERMS & CONDITIONS

Pre-Pay	Payment due at signing of Contract. Customer will be charged monthly to the credit card on file for chemicals, parts, and charges associated with maintaining pool.
Caveats	Chemicals, parts, and charges associated with maintaining the pool will be added to Customer's monthly payment. The Service Plan Contract will not start until we have a signed Contract WITH a valid credit card on file. Should a credit card payment not go through, service will stop immediately and can only resume with payment. Chemicals are NOT included and billed with a 10% discount at time of use. Paradise is authorized to add chemicals, perform minor repairs, and to replace parts that cost up to \$50.00, i.e., O-rings, drain plugs, skimmer baskets and other simple parts. Any repairs or parts needed over \$50.00 will be discussed with the Customer. A free estimate will be provided, as well. Visits not used are nonrefundable. If the Customer terminates this Contract prior to us closing the pool, the Customer is responsible for visits, parts, and chemicals used up to date of termination, as well as a \$150.00 cancellation fee. If the Customer refuses to pay for any services, chemicals, parts, and/or fees, the Customer will be responsible for any and all collection or legal fees that Paradise Pool & Spa incurs attempting to collect payment. The Customer's account balance must be paid in full prior to pool closing, or Paradise Pool & Spa will not close your pool.
